## TO AVERT THE STRIKE

### BUSINESS MEN OF TWIN CITIES

WILL CONFER WITH RAIL-  
ROAD EMPLOYEES.

### ARRANGE FOR SETTLEMENT

Double-Header Problem Is What the  
Meeting Will Attempt to Solve.

Negotiations Between Great North-  
ern Officials and Trainmen Come to  
an End—Injunction Issued Against  
Business Men of Omaha.

St. Paul, May 13.—A delegation of  
St. Paul and Minneapolis business men  
will meet with the Great Northern  
trainmen's committee today at the  
rooms of the St. Paul Jobbers' union,  
when an attempt will be made to bring  
about a final settlement of the double-  
header question.

J. W. Cooper, vice president of  
Griggs, Cooper & Co., yesterday inter-  
ested himself and other business men  
in the labor controversy, when it be-  
came known that negotiations be-  
tween the men and he company offi-  
cials had been suspended. After a  
consultation with Theodore Schur-  
meier and several other leading job-  
bers, it was decided to arrange for a  
conference with the trainmen's com-  
mittee.

Before any action could be taken,  
word was received from a delegation  
of Minneapolis business men, asking  
Secretary Hall of the Jobbers' union  
to arrange for a meeting with the  
trainmen, at which the Flour City  
business interests would be given a  
hearing. It was then decided to hold  
a joint conference, at which will be  
represented the Minneapolis and St.  
Paul jobbers and manufacturers and  
the committee of trainmen.

A. B. Garretson, one of the grand  
officers of the Order of Railway Con-  
ductors, was called upon after a brief  
informal discussion with the business  
men, he and Mr. Newman of the  
trainmen's organization, expressed a  
willingness to meet the business in-  
terests.

Mr. Ward had heard that a confer-  
ence was to be held, but had not been  
invited to attend it up to a late hour  
last night. He said, if asked, he would  
certainly attend the meeting.

Many conferences were held yester-  
day. The committeemen met several  
times in their rooms at the Merchants'  
hotel, and Manager Ward was in con-  
sultation during the day with Presi-  
dent J. J. Hill. But neither side  
would recede from its position and  
negotiations came to an end with a  
strike as the only possible solution of  
the problem.

Omaha, May 13.—The Great North-  
ern railway has established an  
agency here to hire trainmen in anti-  
cipation of a strike on that road. Ap-  
plicants are required to sign contracts  
to work for the Great Northern in  
event of a strike.

### AGAINST BUSINESS MEN.

Injunction Issued on Petition of Wait-  
ers' Union.

Omaha, Neb., May 13.—Judge Dick-  
enson in the district court, on applica-  
tion of John O. Yeiser, an attorney  
representing the waiters' union, whose  
members are on strike, issued an in-  
junction against the business men and  
proprietors, even more sweeping than  
that issued by the federal court  
against the unions last week. The  
order restrains the business men from  
refusing to sell goods to dealers who  
employ union labor, prevents them  
from boycotting union labor, requires  
the business men's association to  
cease holding meetings or conspiring  
against the unions, or in any way in-  
terfering with the unions in the man-  
agement of their affairs.

### RESTS WITH STRIKERS.

Settlement of Chicago Laundry Trou-  
ble Now Up to Them.

Chicago, May 13.—A speedy settle-  
ment of the laundry workers' strike  
now rests with the strikers. The em-  
ploying laundrymen have sent a re-  
quest to the Chicago board of arbitra-  
tion asking that body to use its good  
offices toward bringing the strike to  
an end. In a letter to Chairman  
Salfridge of the board, the employers  
agree to abide by whatever decision  
is rendered.

The union will act on the matter at  
a meeting today.

Several scores of laundries have  
signed the scales of the laundry work-  
ers and the drivers. The laundry ac-  
quired by the union and now con-  
ducted on the co-operative plan, has raised  
the prices of work.

### FIRST UNION VICTORY.

Won by Striking Teamsters at Grand  
Rapids, Mich.

Grand Rapids, Mich., May 13.—The  
striking teamsters won the first union  
victory here, when the Columbian  
Transfer company, the largest em-  
ployer, gave in and signed the union  
agreement calling for increased pay  
and recognition of the union. The  
Gelock Transfer company and the  
milling companies followed, and about  
200 drivers returned to work. One  
hundred teamsters are still out.

### TO FIGHT LABOR UNIONS.

Prominent New York Building Con-  
cerns Combine for That Purpose.

New York, May 13.—The most im-  
portant development in the strike sit-  
uation was the expressed determina-  
tion of the Building Trades associa-  
tion, composed of the most prominent  
concerns in the building business in  
Manhattan and the Bronx, and of the  
Iron League, which includes most of  
the employers of ironworkers in this  
vicinity, to combine for united and  
aggressive action against the demands  
of the labor organizations.

While some instances of violence  
occurred among the strikers in Brook-  
lyn, an understanding was reached be-  
tween a committee of the Central  
Federated Union and the leaders of  
the striking rockmen and excavators  
that the men on the subway shall re-  
turn to work today.

The governors of the Building  
Trades association met and practical-  
ly decided to form a union similar to  
the labor unions.

The meeting was attended by all  
the governors of the association with  
but two exceptions and the sentiment  
in favor of aggressive action was  
unanimous.

The trades to be affected have a  
membership of more than 100,000 men.  
Most of these already are out of work,  
either through the lockout of the  
drivers by the masters or their own  
strikes.

### BRIGHTER FOR THE COMPANY.

Mobile and Ohio Road Manages to  
Employ Some Men.

Mobile, Ala., May 13.—The strike  
situation at this end of the line and  
at Mobile and Ohio headquarters is  
much brighter for the railroad com-  
pany. The fact was demonstrated  
that the road could get men, although  
none of the strikers accepted invita-  
tions to return to work without prej-  
udice. A train from the north ar-  
rived at midnight and the local and  
through freight departed in the af-  
ternoon. Twenty-six men have ar-  
rived to take positions vacated by  
strikers. So far the only act of vio-  
lence is the shooting at Conductor  
Mann and brakeman Anderson on the  
southbound train at Whistler Monday  
night. The bullets narrowly missed  
hitting Mann. Four Louisville and  
Nashville men were arrested here for  
invading the Mobile and Ohio yards  
and jeering the workers and police.  
All passenger trains are moving on  
time.

Reports from St. Louis and Meri-  
dian, Miss., state that the situation at  
those points remains the same, and  
that freight traffic is tied up.

### REFUSES REQUEST FOR TROOPS.

Governor Nash Holds Situation Does  
Not Warrant Military Action.

Columbus, May 13.—A request from  
the sheriff of Sandusky county for  
troops to guard the workmen at the  
Claus Spear works at Fremont was  
refused by Governor Nash, who held  
there was no emergency warranting  
the calling out of the military. The  
feeling growing out of the strike at  
the Claus plant has been very bitter  
since the killing of Otto Melk last Sat-  
urday, which resulted in the arrest of  
three nonunion men employed at the  
plant.

### Collapse of Strike Predicted.

Melbourne, Victoria, May 13.—It is  
now believed that the strike will col-  
lapse within a fortnight. The rail-  
road department is obtaining more  
competent help. Several experienced  
locomotive drivers have seceded from  
the association and offered their ser-  
vices, which have been accepted.

### Strike for More Pay.

Berlin, N. H., May 13.—More than  
1,000 men employed by the Berlin  
Mills company and the Burgess Sul-  
phite Fibre company, have gone on  
strike because of the company's re-  
fusal to grant their demands for more  
pay and recognize the various unions.

### Will Confer at Chicago.

Omaha, May, 13.—A conference has  
been arranged between E. H. Harri-  
man and representatives of the strik-  
ing hollermakers of the Union Pacific  
and Southern Pacific systems at Chi-  
cago for next Friday.

### PHYSICIANS AND SURGEONS.

Sixth Triennial Session of the Con-  
gress Convened at Washington.

Washington, May 13.—The sixth  
triennial session of the Congress of  
American Physicians and Surgeons  
convened at the Columbia theater. It  
was called to order by Dr. Walter  
Kohn of Philadelphia. Among those  
in attendance are eminent physicians  
and surgeons, not only of the United  
States, but of all countries of Europe.

Papers by eminent authorities will  
be read on the spread of malaria, yel-  
low fever and kindred diseases; on  
the prevention of disease among em-  
ployees on the Panama canal, and on  
the discoveries made by the late Dr.  
Walter Reed and their value to medi-  
cal science.

Sixteen societies of specialists, affil-  
iated with the congress, held meet-  
ings.

At the day's session of the Pediatric  
society, eleven-year-old Charles Willett  
of this city, who last summer was  
operated upon for club foot by Dr.  
Adolph Lorenz, the Austrian special-  
ist, was presented as evidence of the  
efficiency of Dr. Lorenz's method of  
"bloodless surgery." The boy's feet  
now are as straight as those of any  
child and members of the society  
were asked to compare them with the  
casts showing their condition before  
the operation.

## UNDER SHERMAN LAW

### FEDERAL SALT COMPANY CON-

VICTED OF MAINTAINING A  
MONOPOLY.

### CHANGES PLEA TO GUILTY

Corporation Counsel Withdraws Its

Original Plea—Maximum Fine Is  
Five Thousand Dollars—Salt Com-  
pany Established a Business in Cal-  
ifornia and Quickly Raised the  
Prices of Salt.

San Francisco, May 13.—Before  
Judge De Haven, in the United States  
district court, the Federal Salt com-  
pany, of which D. E. Skinner is presi-  
dent, was convicted of maintaining a  
monopoly, contrary to the Sherman  
anti-trust law.

When the case was opened counsel  
for the corporation withdrew its  
original plea of not guilty and pleaded  
guilty to the first count of the indict-  
ment.

Judge De Haven will pronounce sen-  
tence Thursday. The maximum fine  
is \$5,000.

This case marks the first conviction  
under the Sherman law which went  
into effect in 1892.

Last November the attorney general  
of the United States directed suit be-  
fore Judge Morrow against the same  
company on a similar charge. The  
successful termination of that suit  
abolished the contracts the company  
had.

The Federal Salt company was or-  
ganized in New Jersey in 1900. It  
established a business in California  
and quickly secured a monopoly of the  
product on the coast, raising the  
prices from \$2 and \$6 a ton to \$3 and  
\$5.

### APPROVES GRADY-SALUS BILL.

Pennsylvania Governor Issues a State-  
ment Explaining His Action.

Harrisburg, Pa., May 13.—Governor  
Pennypacker has approved the Grady-  
Salus bill and at the same time issued  
a long statement giving the reasons  
for his action. The bill, which was  
in the governor's hands for more than  
a month, goes into effect immediately  
and repeals all laws or parts of laws  
inconsistent with the new act.

The governor says in his statement  
that the questions raised by the bill  
are of very grave importance and af-  
fect large business interests, the free-  
dom of speech, and the press, the right  
of the citizen to be informed concern-  
ing current affairs and the conduct of  
government as well as his right to  
protect his reputation and home from  
the injuries that rise from careless or  
negligent, as well as malicious false  
report.

In his opinion they are of impor-  
tance for the further reason that which-  
ever way decided, the fact that they  
are raised indicates a widespread dis-  
satisfaction with existing conditions  
and their correct decision is likely to  
have an effect within and without the  
commonwealth. They are deserving,  
therefore, of the most careful consid-  
eration and the conclusion, unaffected  
by any personal feeling and un-  
swayed by any fear of personal conse-  
quences, ought to be reached upon the  
high plane of what will be for the  
best of the people.

The governor claims there is noth-  
ing in the terms of the measure which  
prevents any newspaper from making  
such comments upon legislative mea-  
sures or upon the official acts of state,  
municipal, county or public officers as  
are proper for the information of the  
public or are in the line of legitimate  
public discussion.

### CUNARD DOCK MYSTERY.

Maker of the Infernal Machine Lived  
in New York Two Weeks.

New York, May 13.—The New York  
American says:  
The man who made the infernal ma-  
chine and sent it to the Cunard dock  
last Saturday lived in this city as a  
boarder in Mrs. Joseph Currie's house  
at No. 365 West Thirty-first street for  
two weeks.

He gave his name as "G. Rousseau."  
To all appearances the man was not  
a foreigner. He spoke perfect Eng-  
lish without any more trace of an ac-  
cent than marks the Westerner or  
Canadian, and his fellow boarders be-  
lieved that he had come from the  
West, possibly from Western Canada.

Through Mrs. Currie the mysterious  
wagon in the case and the man who  
took the box to the pier were found.  
The wagon was from Joseph Rooney's  
express office at Thirtieth street and  
Ninth avenue. The wagonmen were  
Peter Bathe, driver, and Joseph Mc-  
Cormick, assistant. They were aided  
by Frank Carton, another employee.

### SEVERAL PERSONS KILLED.

Bloodshed and Rioting Follow a Strike  
at Valparaiso, Chile.

Santiago, Chile, May 13.—Owing to  
a great strike of dock laborers at Val-  
paraiso all business has been suspend-  
ed there. Riotous strikers have de-  
stroyed street cars and have com-  
mitted other excesses; several persons  
have been killed and great excite-  
ment prevails. Strikers also set fire  
to the building in which are the of-  
fices of the Compagnia Sud Ameri-  
cana de Vapores, and the crowd pre-  
vented the firemen from attempting to  
put out the flames.

Peoria, Ill., May 13.—Edward  
Schradski, the seventeen-year-old son  
of A. Schradski, proprietor of the Ma-  
sonic Temple, lost his life by a fire  
which destroyed that building in the  
afternoon. The fire caught from de-  
fective wires. The three upper floors  
were occupied by manufacturing con-  
cerns and many exciting scenes and  
narrow escapes were witnessed. The  
property loss is placed at \$150,000.

## Kaufman Garments and Custom Tailoring are On a Par.

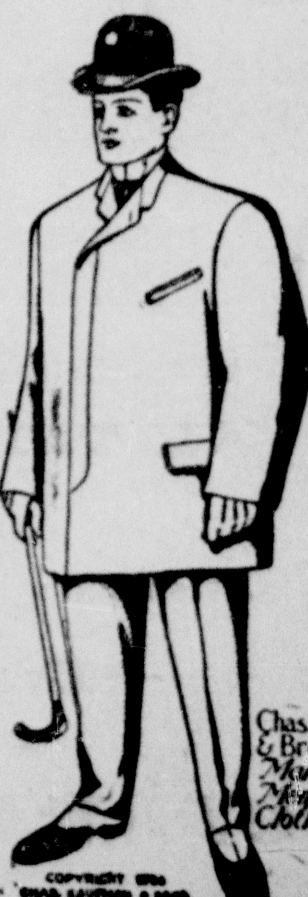

No merchant tailor makes  
clothes that wear better, that  
look better or fit better.

Each suit or overcoat has that  
out of the ordinary look which  
immediately stamps it as the  
peer of any ready-to-wear gar-  
ment manufactured. To wear  
a "Kaufman Garment" means  
comfort, style, economy and  
satisfaction.

The "Kaufman" overcoats are recognized  
everywhere as the highest order of tail-  
oring and draping. No other make of over-  
coats give such universal satisfaction, and  
best of all the cost of these garments is  
very moderate. Ask to see the "Kauf-

THE Aitkin Age has the following political hunch: R. C. Dunn will succeed Van Sant or the latter will succeed himself; mark the prediction. The Hill crowd will oppose Dunn—Dunn is too independent to suit Mr. Hill. The Hill influence will be exerted in behalf of Heatwole, Eddy, Collins or McCleary. This will naturally force Van Sant and Dunn into closer relations and the result will be that Dunn will be nominated and elected or Governor Van Sant will succeed himself. Watch developments.

THE habit of sending communications, unsigned, to the newspapers seems one hard to cure. No matter what the item of news the DISPATCH will not publish it if in the form of a communication sent through the mail and unsigned. Too many times the publisher is taken advantage of to perpetrate a joke or "get even" and in the absence of any authentic source by which to trace the knowledge that he gives out to the world he is blamed, and rightly. If you have something for the newspaper that you can't give in personally, sign your name to the same as an evidence of good faith.

## The Word "Fudge."

Where did that very common word "fudge" come from, and what does it really mean? The appearance of the word in literature is in the description of the evil of Lady Blarney and Miss Carolina Wilhelmina Amelia Skeggs on the vicar of Wakefield's household: "But previously I should have mentioned the very impolite behavior of Mr. Burchell, who, during his discourse, sat with his face turned to the fire and at the conclusion of every sentence would cry out 'Fudge!' an expression which displeased us all and in some measure dampened the rising spirit of the conversation." Does the word come from the provincial French "fuche" or the low German "futsch"? Or shall we trace it to the story of 1700 quoted by the elder Disraeli, "There was, sir, in our times one Captain Fudge, who always brought home his owners a good cargo of lies, so much that now aboard the ship the sailors, when they hear a great lie told, cry out, 'You fudge it!'" —Boston Journal.

## Fish That Cannot Swim.

More than one species of fish is met with which cannot swim, the most singular of which perhaps is the maltha, a Brazilian fish, whose organs of locomotion only enable it to crawl or walk or hop, after the manner of a toad, to which animal this fish to some extent bears a resemblance, and it is provided with a long upturned snout. The anterior (pectoral) fins of the maltha, which are quite small, are not capable of acting on the water, but can only move backward and forward. Both these and the ventral and anal fins are very different from the similar fins in other fishes and could not serve for swimming at all.

Other examples of nonswimming fishes include the sea horse, another most peculiarly shaped inhabitant of the sea, which resembles the knight in a set of chessmen, and the starfish.

## Robins.

American robins build plaster and dry grass nests in the crotches of trees, while the little English bird of the same name, only about half as big as its cousin in America, makes a soft moss nest on the ground. Its breast is a yellow, red or scarlet, much brighter than the American bird, and it sings even more sweetly, but it is of small value as an insect destroyer. The American robin, on the other hand, has a much duller, quieter coat, a more extended vocabulary, sounding many distinct notes of warning, fear, joy, etc., but not in so sweet a song, and is an inveterate worm and insect hunter. With only occasional lapses into vegetarianism, at strawberry and cherry ripe time, the American robin is really one of the most industrious allies the farmer can have.

## CHARITIES AND CORRECTIONS.

Thirteenth Annual Convention of the National Association Ends.

Atlanta, Ga., May 13.—The thirteenth annual convention of the National Association of Charities and Corrections came to an end at night. The principal address of the evening session was by the Rev. Dr. Samuel Barrows, secretary of the New York Prison Aid association, who discussed the treatment of criminals.

Among the other speakers were A. W. Guthridge of St. Paul, Minn., and Homer Folkes, commissioner of charities of New York City.

## TWELVE MEN IN JAIL.

Charged With Being Implicated in the Killing of Monahan and Malone.

Caruthersville, Mo., May 13.—Sheriff Frank has returned from Portageville township with six more prisoners charged with being members of the mob which killed Constable W. J. Monahan and Rev. Dr. Malone on May 9, making twelve men in jail under that charge.

Several friends of the prisoners accompanied them here and say that the people of Portageville are greatly disturbed over what they call a wholesale arrest of innocent farmers.

## No Change in Lutheran Creed.

Pittsburg, May 13.—Before adjournment finally, the Lutheran convention decided that there will be no change in the church creed. It remaining as it has been since 1580. Buffalo was selected for the next place of meeting.

## CHOOSING ORATION TITLES

Novel Scheme Adopted by a Kansas City School's Orators.

The graduating class of the Hutchins son High school has adopted a unique plan in selecting the titles of orations says the Kansas City Journal. All of them will be built around the hymn "America," and the arrangement is as follows:

"My Country, 'Tis of Thee," will form the theme of the first oration by Miss Florence Harris, the idea being to treat of material America.

"Sweet Land of Liberty"—"The Development of Civil Liberty," Lee Buser "Of Thee I Sing"—"American Poetry," will be the subject of Miss Marjorie Anderson's oration.

"Land Where My Fathers Died"—"The Struggle For Independence," Neil Johnson.

"Land of the Pilgrim's Pride"—"The Puritan Idea and Influence," by Miss Ada Boyd.

"From Every Mountain Side Let Freedom Ring"—"The Mountaineer and Our National Life," Walter Jones.

"My Native Country, Thee, Thy Name I Love"—"American Citizenship," by Miss Gela Butters.

"Land of the Noble Free"—"Wendell Phillips, Freedom's Orator," Ben Lee, "Abraham Lincoln, Freedom's Martyr," Miss Goldie Childs.

"I Love Thy Rocks and Rills, Thy Woods and Temples Hills"—"Picturesque America," Elmer Padfield.

"Let Music Swell the Breeze and Ring From All the Trees"—"Our National Songs," Miss Catherine Irvan.

"Long May Our Land Be Bright"—"The Future of America," Robert Vance.

"With Freedom's Holy Light"—"American Patriotism," Miss Linda Schiauff.

"Protect Us by Thy Might, Great God, Our King"—"God in American History," Clifford Morgan.

## TUSKEGEE'S GREAT GIFT.

What Mr. Carnegie's \$600,000 Will Do For the Negro Institute.

When asked as to the effect the great Carnegie gift of \$600,000 to the Tuskegee Normal and Industrial Institute would have upon the finances of the institution Mr. William H. Baldwin, Jr., treasurer of the Tuskegee endowment funds, said the other day, according to a special dispatch from Richmond, Va., to the New York Post:

"The great physical growth in Tuskegee institute during the last few years has brought with it large financial responsibilities, and the task of securing the necessary annual income of \$150,000 from individuals has been difficult and very exhausting to Principal Washington. The endowment fund will now yield an income of about \$40,000, and this income, together with about \$30,000 from regular contributors, will leave about \$80,000 to be collected from the public at large. Provision for the support of Mr. Washington's family will relieve him of great anxiety, because from his absolute self denial he has been unable to make any provision for them.

"During the present period of growth the institution needs fully \$150,000 a year. Outside of kindergartens there are 1,418 students whose training has to be provided for. All the managers of Tuskegee at Richmond, Va., are anxious that the public should not be misinformed as to the exact help the Carnegie gift will be to those striving to meet Tuskegee's financial needs."

## Manila Needs Coffins.

Cases of plague are very frequently appearing in Manila, and owing to the attitude of the natives, who, it seems, are adverse to cremation, Major Carter has found it necessary to make a request of the municipal board for metallic coffins, says the Manila American. Many of the cases which have appeared and died have been burned, as their relatives have been too poor to purchase the metallic coffins. As the natives object to cremation the municipal board has been called upon to furnish the coffins free of cost to plague deaths.

## Antirace Suicide Club.

An antirace suicide club has been formed by the students of Columbia university, says the Philadelphia Record. President Roosevelt is to be elected honorary vice president, and the rules for membership, constitution and bylaws are all in the following: If you are single you agree to marry as soon as your income will allow, and your family must not number fewer than five. If you are married you agree to stay married even unto the third or fourth wife, and the same family requirements prevail.

## The Trust Celestial.

[Edward Charles Pickering, who, since 1877, has been director of the astronomical observatory of Harvard university, whose work has attracted the attention of all astronomers all over the world, is planning a star gazers' trust, says a Boston special.]

What's comin' to the country, that's what we want to know.

The trusts have got us on the run from Tift to Tally Ho!

They're comin'!

Like regiments a-drummin'!

They've got the world, an' now they've set the very stars to hummin'!

They've formed the trusts celestial an' took in all the stars;

They're fencin' in the moon an' all the big canals in Mars!

They're comin'!

Like regiments a-drummin'!

They've tackled space, and now they've got the constellations hummin'!

They've got old Taurus by the horns, an' soon you'll hear him bellow;

They'll have the Great Bear dancin' like a fine an' frisky fellow!

For they're comin'!

They're comin'!

They've won the race and collared space an' set the stars to hummin'!

## A MUDDLE OVER ILLEGAL FISHING

Case of the State Against James Grasser and Earl Chase is Dismissed.

## PRISONERS IN CUSTODY AGAIN

But a Writ of Habeas Corpus is Issued and Made Returnable This Morning.

There has been all kinds of trouble over the case of the state against James Grasser and Earl Chase, charged with catching bass out of season, and the few sidesteps of the attorneys in the case today has kept all those interested from Section 10 in a state of high fever.

The case came on for hearing this morning, and after the states' testimony was all in on a motion made by States Attorney Crane the case was dismissed, it having been shown that the court had no jurisdiction, the crime alleged having been committed in Cass county.

Immediately afterwards the defendants were taken into custody again and were locked up in the county jail. They were to be taken to Walker this afternoon, but Attorney Crowell secured a writ of habeas corpus and it was made returnable before Court Commissioner McFadden at 2:30 o'clock, so the men were not taken away.

A hearing on the writ was taken up this afternoon before Judge McFadden and he took the matter under advisement.

## SO SOOTHING

Its Influence Has Been Felt by so Many Brainerd Readers.

The soothing influence of relief. After suffering from itching piles. From eczema or any itchiness of the skin. Makes one feel grateful to the remedy.

Doan's Ointment has soothed hundreds.

Here's what one Brainerd citizen says:

Mrs. S. Brain, of 125 south Ninth street, says: "Doan's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my back, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain; the acting in my back was constant and exceedingly distressing. When my husband brought me Doan's Kidney Pills I was much in need of relief. I used them and in a comparatively short time the pain had disappeared and the improvement in my constitution was general. The kidneys were quickly restored to health and performed their functions naturally."

## MUSIC AND DRAMA.

### "THE FATAL WEDDING"

"The Fatal Wedding" which comes to the Brainerd Theatre tonight, the theatre goers of this city will get something out of the ordinary run of comedy dramas. The piece has had a successful run in New York City, and proved its drawing powers by playing to crowded houses during its engagement in the Metropolitan Theatre. The plot of the piece is entirely different from anything heretofore seen, and serves to introduce a well laid story full of heart interest and pathos and one that appeals strongly to the feminine sex. Yet there is sufficient comedy thrown in to keep the audience interested. The scenes and incidents portrayed are taken from real happenings and most truthfully rendered. The main interest of the piece centers around the interpretation of a child part by Little Lillie, Rosewood. The scenic effects are truly fine, depicting some of the most famous scenes in and around the banks of the Hudson river. Another shows the famous Palisades at night, in connection with which a great storm effect is introduced, being one of the most realistic scenes ever attempted here. The famous old Grace church of New York is presented in a life-like manner, besides several others of equally strong nature. A strong cast has been secured to present the play, and it is a fore gone conclusion that a crowded house will greet it during its stay in this city.

## RAILROAD GOSSIP

Much speculation has been aroused by the work of the Great Northern surveyors and engineers who have started working north of the Duluth line near McIntosh. It is suspected that the intention is to reach Roseau and Warroad, as the surveyors are headed slightly east of due north and in a direction that would run into Roseau by the old trail. South of McIntosh, where the surveyors have been working, the line would run into the White Earth reservation and nearly parallel the Soo's survey. Agents of both the Soo and Great Northern are on the reservation looking up the right of way.

The log hauling season on the M. & I. has commenced in good shape now, and several trains pass through each day.

## CATARRH CURED BY DRY AIR.

Hyomei Medicates the Air You Breathe, Kills the Germs and Cures the Disease.

Hyomei cures catarrh thoroughly and permanently, because it reaches the smallest air cells in the head, throat and lungs, kills the germs causing the disease and drives it from the system. Hyomei goes to the root of the disease, destroys the cause and makes permanent cures which can be effected in no other way. Breathe it for a few minutes four times a day and benefit will be seen at once. Continue this treatment for a few weeks and Hyomei will have cured you.

The Hyomei in the inhaler furnished with the outfit dries and sterilizes the air you breathe. It is a local and direct treatment for eradicating all catarrh germs in the mucous membrane and tissues and in this way cures catarrh in any part of the system. Used in connection with Hyomei Balm it has been successful in curing the worst and most deep-seated cases of catarrhal deafness.

A. W. Clark of Everett, Mass., writes: "I have spent a fortune on different treatments for catarrh and could not hear across the table. After using Hyomei and Hyomei Balm for eight days I can hear as well as ever."

Stronger than any claims that can be made in an advertisement, is the fact that H. P. Dunn & Co., will give their personal guarantee with every Hyomei outfit they sell to refund the money if the purchaser can say that Hyomei has not given satisfaction.

## MISS SARAH FINLEY,

Vice-President of the Palmetto Club, Memphis, Tenn.

**W**INE OF CARDUI is a thoroughly scientific and modern remedy, meeting the needs of the modern woman in the modern way—without the torture of an operation. Wine of Cardui has cured them in the privacy of their homes and it has found a place in the hearts of American women that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body.

Miss Sarah Finley, of Memphis, Tenn., vice-president of the Palmetto Club of that city, speaks for herself and many friends when she bestows the following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McElree's Wine of Cardui. It towers above them all as a reliable female remedy. It simply drives pain and disease away and restores health in an incredibly short period. I have taken great interest in this medicine for the past two years, since it brought health and strength to me. I have also recommended it to a number of my friends and they who have used it speak of it in the highest terms and I feel that it is praise well bestowed."

If you are suffering from female weakness Wine of Cardui is the medicine you need.

You can have health the same as Miss Finley if you will take the Wine of Cardui treatment. If you need advice further than the complete directions given on the bottle, address The Ladies Advisory Department, Chattanooga Med. Co., Chattanooga, Tenn.

A million suffering women have found relief in Wine of Cardui.

## SAD BLAZE AT BUFFALO.

Fire Destroys Buildings and Creates  
a Panic Among Spectators.

Buffalo, N. Y., May 13.—The Diamond mills, owned by Churchill & Co., an elevator owned by the same company, the transfer house of the Lake Shore and Erie railways and about forty cars were destroyed by fire at the vicinity of the big blaze were damaged by fires started from sparks and it was only by the combined efforts of all the fire fighting apparatus and firemen in the city that a more extensive conflagration was prevented.

The loss is estimated at \$250,000. The fire started in the rear of the Diamond mills and soon these buildings were enveloped in flames.

Showers of sparks covered the freight sheds and elevator and they were ablaze in a dozen different places almost at once. Strings of cars stretched alongside the sheds and mills also caught fire. Yard engines darted in and out of the fire zone pulling out all the cars that could be removed without endangering the lives of the engine crew. The burning mills and elevator made a formidable blaze, lighting up the East Side for miles.

The freight and transfer sheds occupied a space about 600 feet in length and 150 feet in width between the lake and the viaduct. The flames swept along the viaduct and almost caused a panic among the thousands of spectators who lined that structure. There was a rush in which a number of persons were knocked down and several severely hurt. The viaduct, which was built of iron and steel, checked the progress of the flames.

Lieutenant Clark was struck by the coupling of a hose which burst and was hurled against a wall, fracturing his skull. He will die.

## EXPORTS TO CUBA.

Delay in Delivery Causes Great Loss  
to American Trade.

Washington, May 12.—The department of state has just received a report from the representative at Havana, which points out the opportunities in the Cuban market for machinery, boots and shoes and cotton manufactured goods. Freight is lower on goods exported from Europe than on goods exported from New York, Mobile and New Orleans. As a rule preference has been given goods from the United States, but for the last year it has been almost impossible to get goods from the United States with any degree of promptness and this has caused great loss to our trade.

## IMMENSE FRAUDS.

Said to Have Been Committed in  
Selling Haytien Securities.

Port au Prince, Hayti, May 13.—The Montreuil Official publishes the report of a committee of inquiry, appointed by the committee Nord, charging extensive frauds in the issuing of Haytien government securities. The amount involved is about \$2,000,000, and the securities are alleged to have been fraudulently issued with the complicity of the National Bank of Hayti. The opinion prevails generally that the government will hold the bank responsible and that as the bank is a French institution the latter will take the case before a French tribunal.

For the First Time in the West Negro

Soldiers Hold the Post of Honor in  
a Public Procession—President Participates in Burning of Mortgage  
Cancelling Y. M. C. A. Indebtedness.  
Then Delivers an Address.

San Francisco, May 13.—Heartier greeting was never given to a president of the United States than that offered by the city of San Francisco to Theodore Roosevelt. Through miles and miles of densely cheering, patriotic and enthusiastic citizens, the nation's chief rode bowing his acknowledgments on all sides, until apparently tired of maintaining this position in his carriage, but buoyed up by the enthusiasm of the demonstration. It was a magnificent ovation.

The presidential train arrived promptly at 2:30 o'clock. A large gathering of federal, state, county officials, foreign consuls and distinguished citizens were in waiting to greet the chief magistrate. Mayor Schmitz stepped aboard the rear car and formally greeted Mr. Roosevelt. The president making a brief response. M. H. De Young, then shook hands with the president and made an address.

Mr. Roosevelt expressed his thanks and was then introduced to Admiral Bickford of the British Pacific squadron, who conveyed the good wishes of King Edward and said the arrival of the flagship of the squadron to assist in the greeting was another instance of the cordial relations existing between the two nations.

President Roosevelt said he appreciated the evidence of friendship and begged that his good wishes be given to his majesty.

Before entering his carriage Mr. Roosevelt stepped up to the engine and warmly shook hands with Engineer McGrailand and Fireman Everly, who had hauled him out of the South.

## Colored Troopers Head the Line.

The head of the line was headed by a troop of colored cavalry, this being the first instance in the West where the negro soldiers held the position of honor in a public procession. Following the president came United States troops from the local posts, sailors and marines from warships in the harbor and at Mare Island, regiments from the state militia and a number of semi-military organizations. A notable feature was the fancy marching of the Cleveland Greys, who came from Ohio to participate in the California greeting. After viewing the parade the president was driven to the Y. M. C. A. building where a throng had gathered to participate in the burning of mortgages cancelling an indebtedness of \$125,250 upon the property. The president by request touched a lighted match to the documents and as the flames licked up the papers he joined with the assemblage in singing "Praise God, From Whom All Blessings Flow."

The president then made an address. The president was banqueted tonight at the Palace hotel by the citizens' committee. The dining room was decorated with thousands of lilies and roses.

## NO MORE RURAL ROUTES.

Economy Necessary to Prevent a Deficiency This Fiscal Year.

Washington, May 13.—Postmaster General Payne has announced that there would be no more establishment of rural free postal delivery until July 1, the beginning of the next fiscal year. This is one of the results of the investigation of postoffice affairs and discovery that at the present rate of increase in the number of routes there would be a deficiency of \$20,000 in the rural free delivery service by the end of this fiscal year.

Instructions have been given to Fourth Assistant Postmaster General Bristol to curtail expenses by discontinuing the daily establishment of routes, and it is thought the threatened deficiency may be averted. It is not intended, however, that the establishment of routes shall be suspended, and field work therefore will be continued. Postmaster General Payne says that the estimated full amount of routes to be established will reach 38,000, and at the present rate of increase this number would be established in two years.
